

Logging Trailers

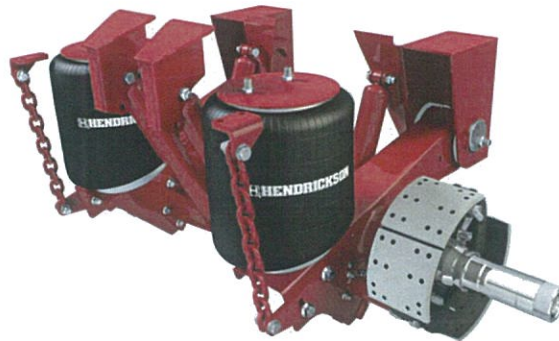

Robust and light weight, the Fabrinord trailers are known for their reliability. They are built with first grade quality components that have a one year warranty starting from the purchase date.

Two choices of Hendrickson suspensions

INTRAAX 30 000 lbs. suspension for severe application (ideal for off-road use).

HT300 23 500 lbs. suspension.

Fabrinord Ltée air lift suspension

Tuff and light weight with an unbelievable life span, the Fabrinord air lift is made with air bags to eliminate breakage. It also has an anti-lock braking system in order to maintain tractive contact with the road.

Steer axle

Fabrinord trailers have a Manac steering axle with a capacity of 25 000 lbs. They are equipped with an air bag system in order to re-centre the wheels.

Spare wheel support

Always be prepared and have a spare wheel with you in case of a flat tire.

Anti-wear Teflon plate

All of our trailers have anti-wear plates in order to extend the life of the king pin.

Rear bumper

This exclusive bumper has a tow hook, a catch, heavy duty push plates, back up lights, traffic lights, and a cable terminal integrated into a ventilated enclosure easily accessible from the back.

Two choices of folding legs

The Fabrionrd Ltée legs are lifted by hand with the help of a powerful spring.

The Holland legs are lifted with a crank handle.
